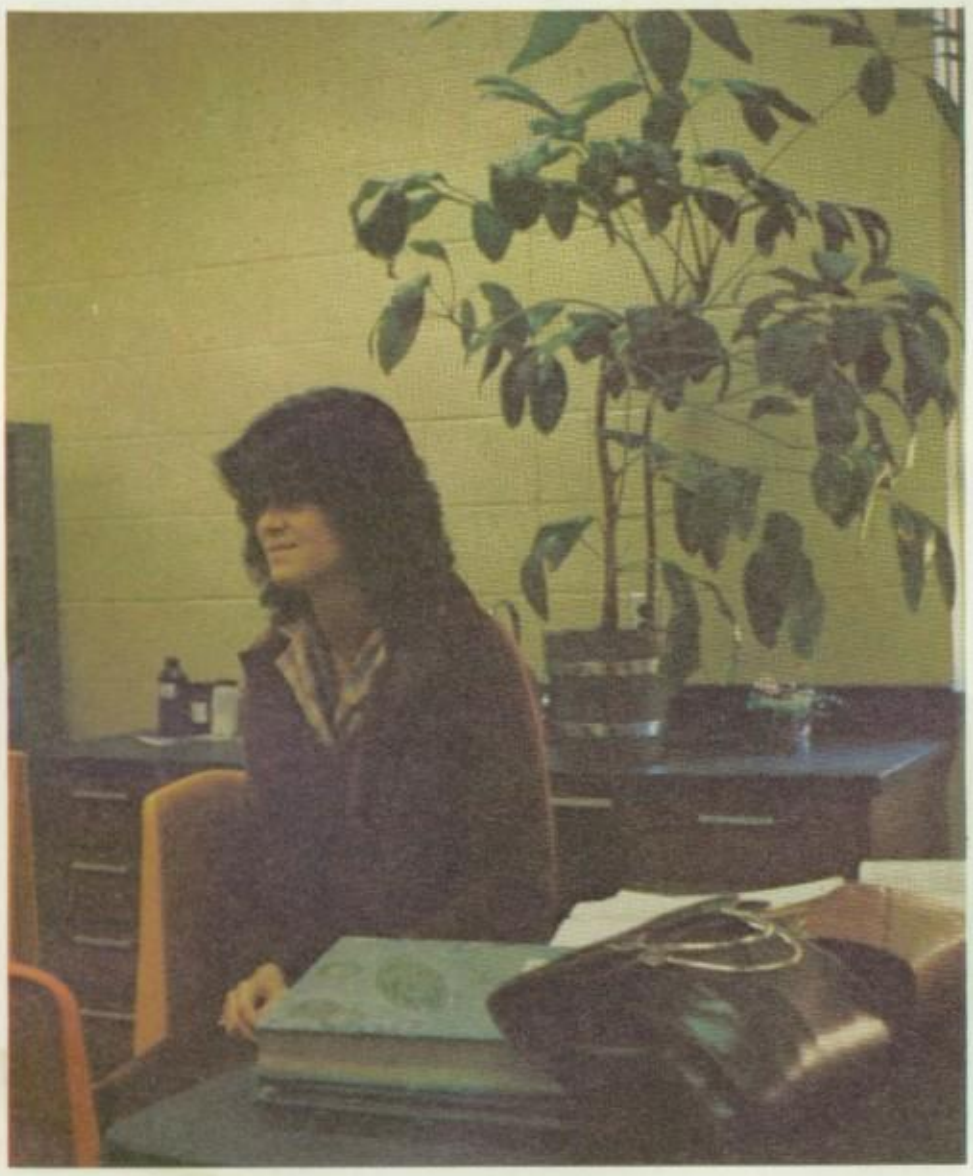
Good Things Come

Good things do come in small packages and the proof of this is within the very walls of William Campbell. We may not be the largest school around but we do set and accomplish some very high goals. An example of this was the way our sports teams held their own against schools twice their size this year. Also many school clubs won district and state honors. We may have come up against some larger schools but the Fighting Generals didn't give up.

One advantage we have over larger schools is the spirit of togetherness which the students and teachers have for each other. This spirit brings us closer together in the face of troubles and it makes us feel proud when our fellow students win awards or recognition.

The purpose of this annual is to show we have pride in our school, the students, and the faculty, and to prove that our theme is correct. *Good things do come in Small Packages.*

If you look and see, you will know its a fact! That good things come in



Daydreaming is Cheryl Britton. She seems to be in a world of her own during 1st period.

Student Life

The lives of the students of W.C. were filled five days a week with school; from the time you woke up in the morning to catch the bus, until the time you finally got home after sports practices, club meetings or other activities. The activities of the day varied from the long, sometimes boring hours in class to the exciting pep rallies and assemblies. Some of the days were cold or rainy when it was almost impossible to get those fingers to hit the right keys in typing. Other days were bright and sunny and you started out the day by getting an "A" on a test. No matter what the days were like the student life at W.C. was filled with unforgettable experiences, and friends we'll remember throughout our lives.

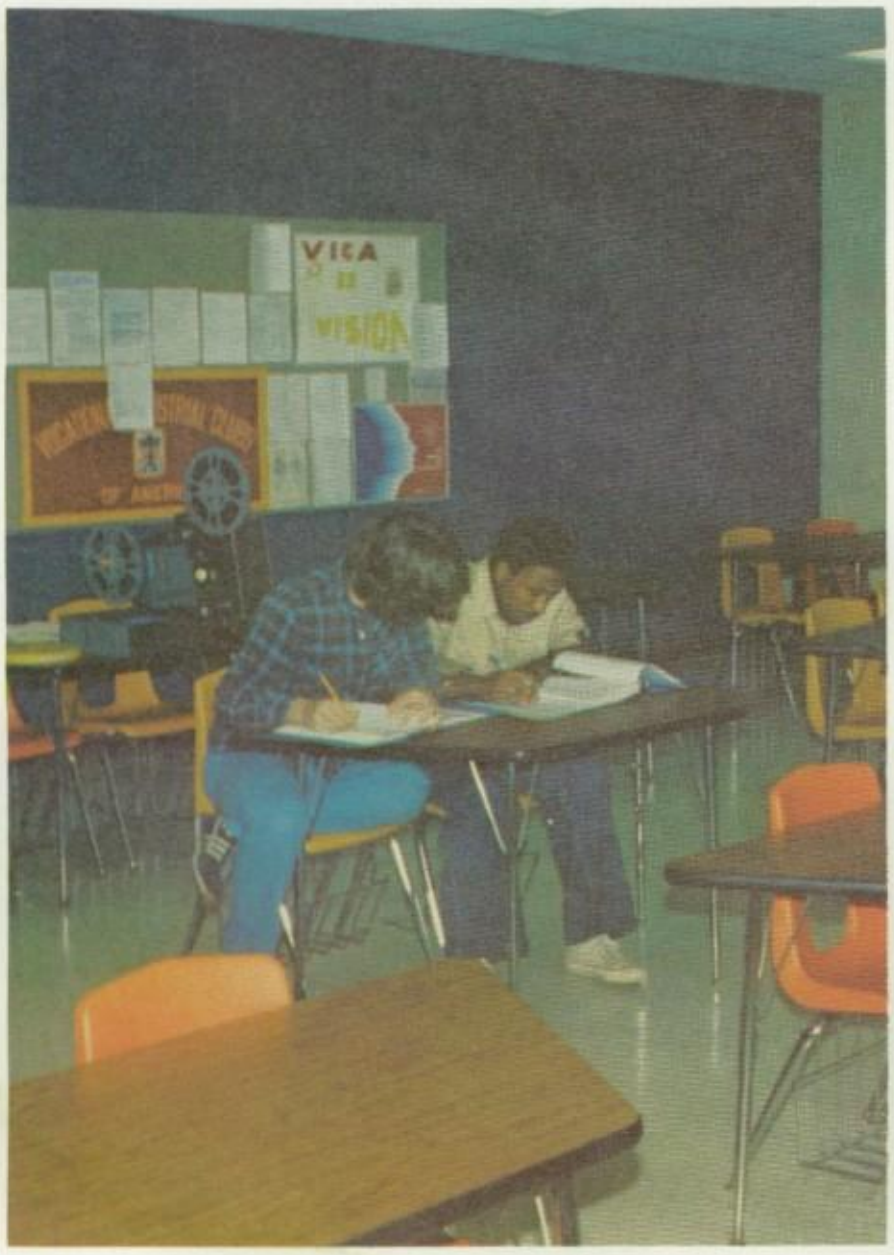
Getting to School

The hardest part of coming to school was getting up out of that nice warm bed and getting ready for school. Some got here by bus some by car. Some got here early in the morning while others were still struggling up from the parking lot when the 8:25 homeroom bell rang.

Leaving school, however didn't seem to be much of a problem. At the sound of the last bell of the day everyone dashed to the bus or parking lot and were on the way home at record speeds.

Buses line up in the back of the school to carry students to and from school.



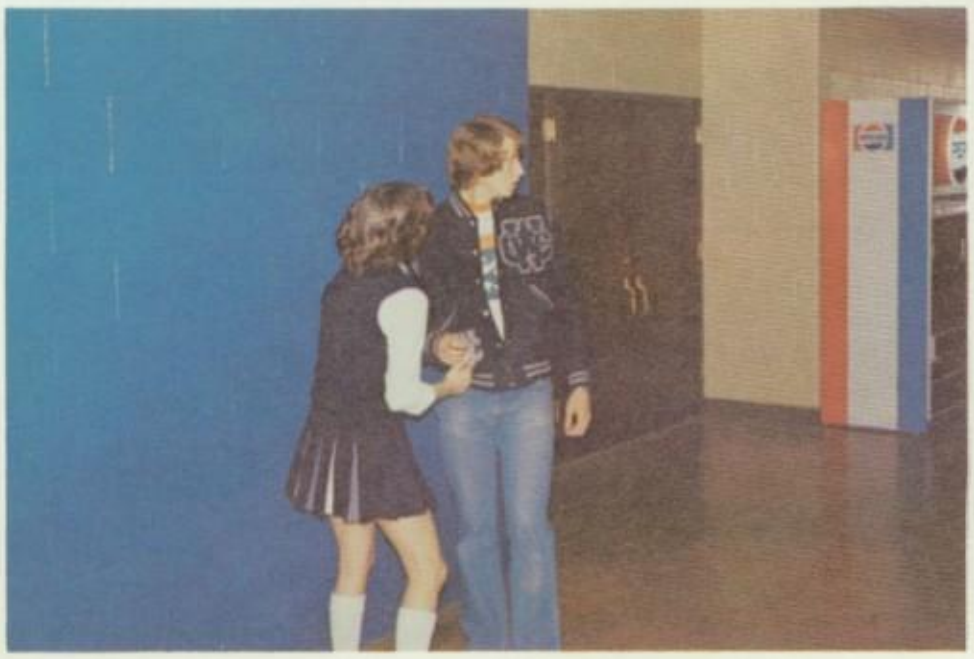
Mark and Russell got to school early to do what was supposed to be last night's homework.

Some students decided to drive to school in the morning.

Leaving School

After school is over they load up on the buses and head home.

Leaving the Gym after school is Jay Spangle and Billy Holt.



Watching to see if the bus leaves him is Billy Holt before he finishes talking to Wanda Roakes.

I better run, if I am going to catch the bus, says Kim Francis.

After school Earl Booker catches up on some work.

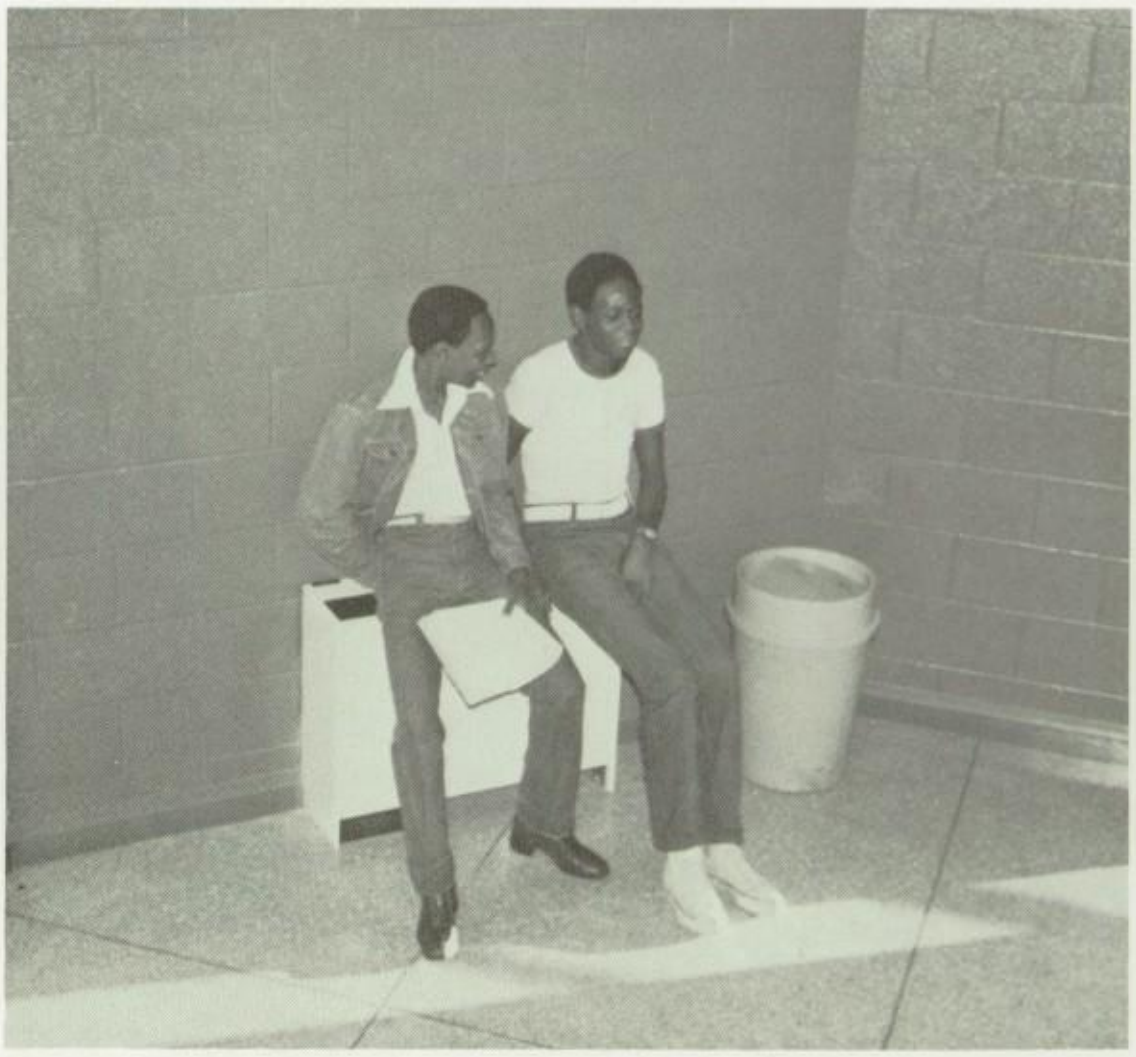
Looking serious when his picture was taken is Kelly Crabtree.

Today's Styles

The fashion trends of the 80's had a big effect on the styles at W.C. this year. Of course the ever popular jeans and T-Shirts were still worn but so were some of the new styles.

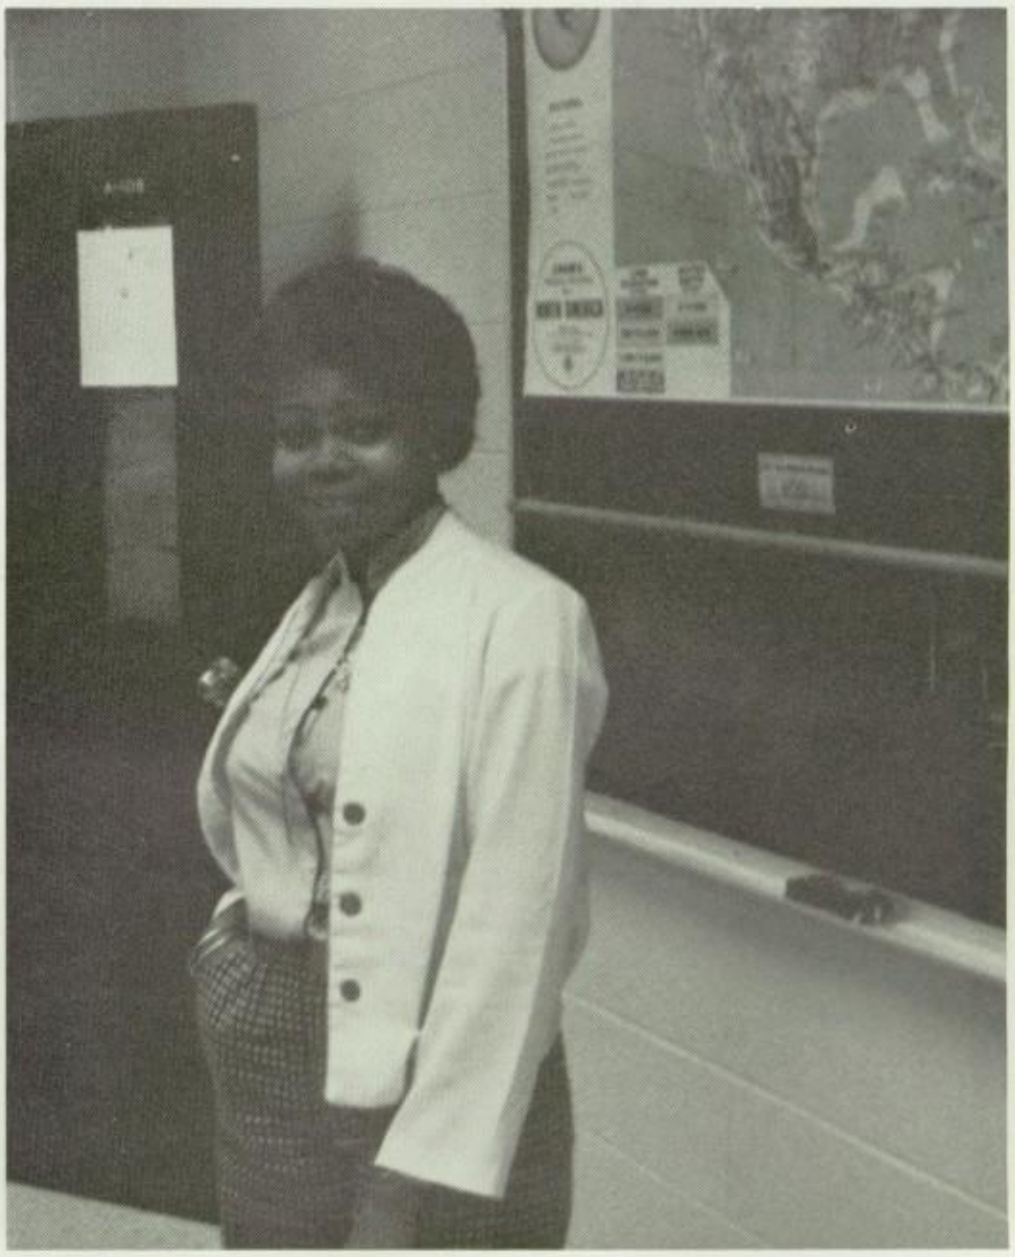
For girls, school clothes now consisted of more dresses and skirts. It was no longer uncommon to see girls wearing dresses and skirts as everyday schoolwear. High spike heeled shoes were also worn, even though they did slow down the speed at which you could run up the steps. Blouses with bow ties as well as blazers were also very popular.

For boys, suits and sometimes even ties were worn to school. The suits were usually worn only on special occasions, but most boys didn't seem to mind as much as they did in the past.



Jeans are still in the fashion scenes as worn by Warren Younger and Bernard Wright.

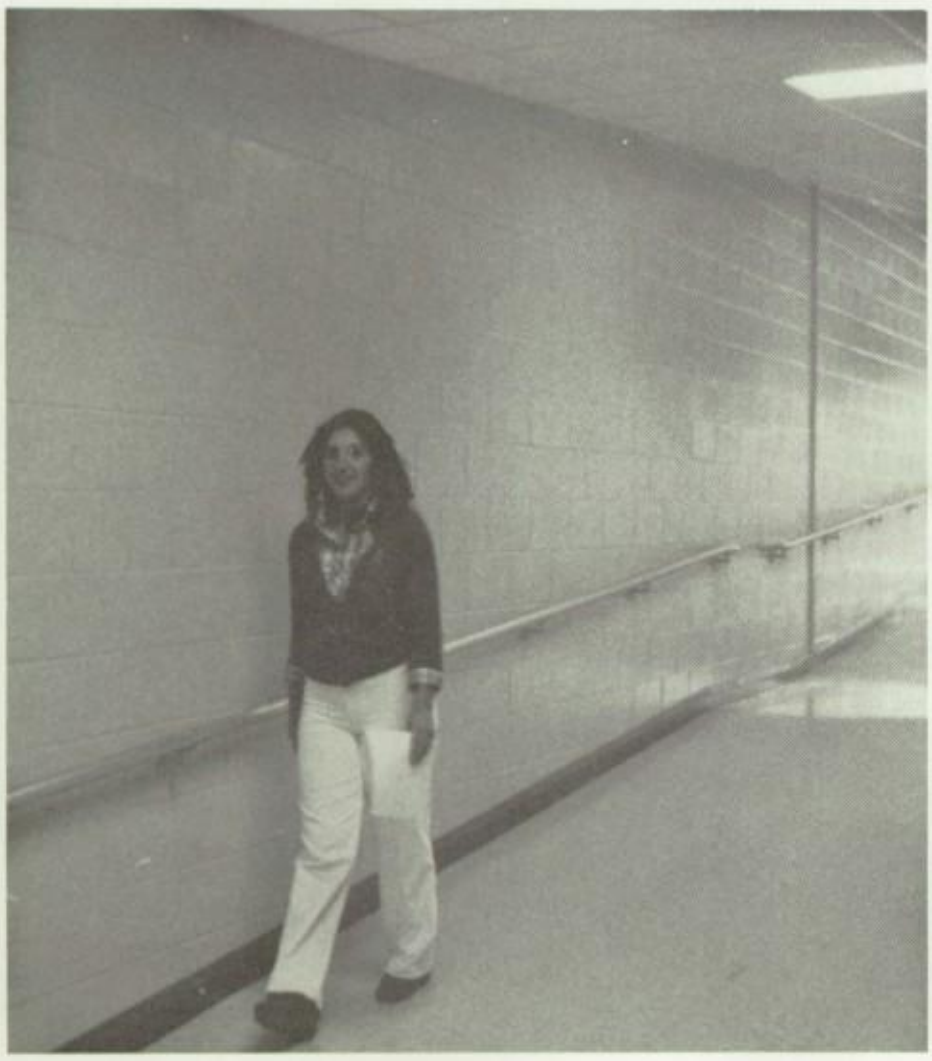
Showing off her fashion with a blazer and a skirt is Tica Burnette.



Looking good as always is Sandra Ensley.

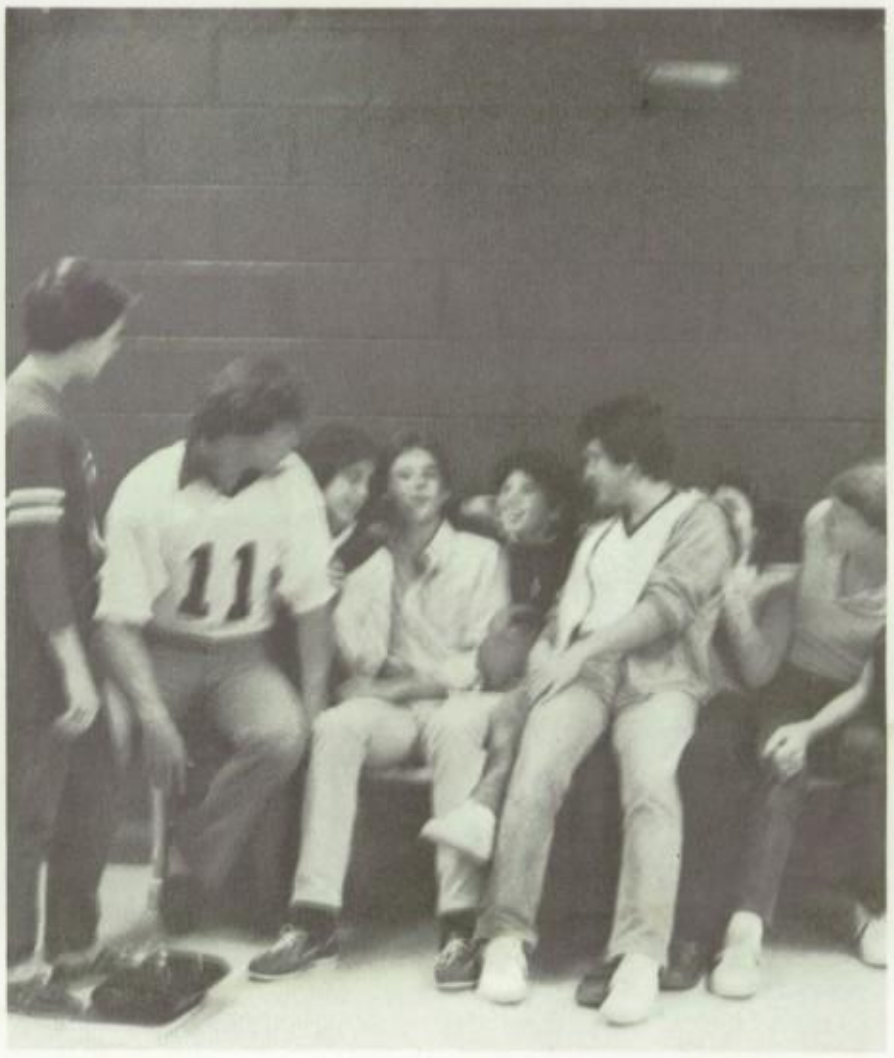
And Fashion

While waiting for the bus and showing off the back of their fashion is Maxine Elliott and Veretta Callaham.



Walking the hall in her V-Neck sweater is Cindy Booker.

Faded jeans and nikes are still in style.



Getting Together

During one of the basketball games Fannie Younger decides to help Mr. Cox in the Concession Stand.

The friendship between boys and girls at W.C. is sometimes just a friendship but sometimes it can be more serious. As you walk through the halls there are always those same couples together. They are usually talking beside a locker or walking together on their way to class, but wherever they are they're together.

It usually starts with a conversation between classes or maybe volunteering to work together on a project. Soon they are seen together more often, next they are dating, and then they are "going together".

You can usually tell which boys have been bitten by the "Love Bug" because they are always seen running into class about one second before the tardy bell rings. The reason for this is that they just walked their girl to class at the opposite end of the school.

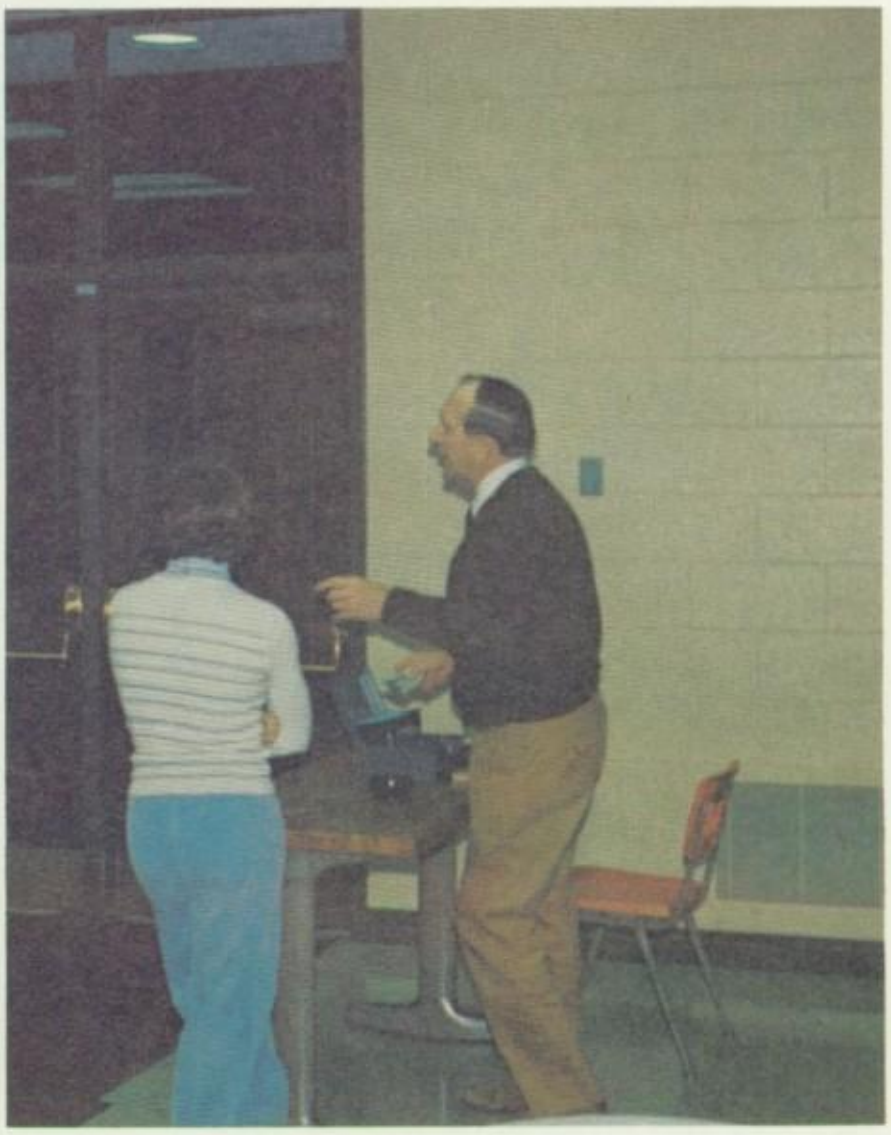
No matter how girls and boys meet, or when they are seen together, or how long they stay together, their friendships are still a big part of student life at W.C.

We are family when working together with friends.

While waiting for the game to begin the fans decide to relax a little.

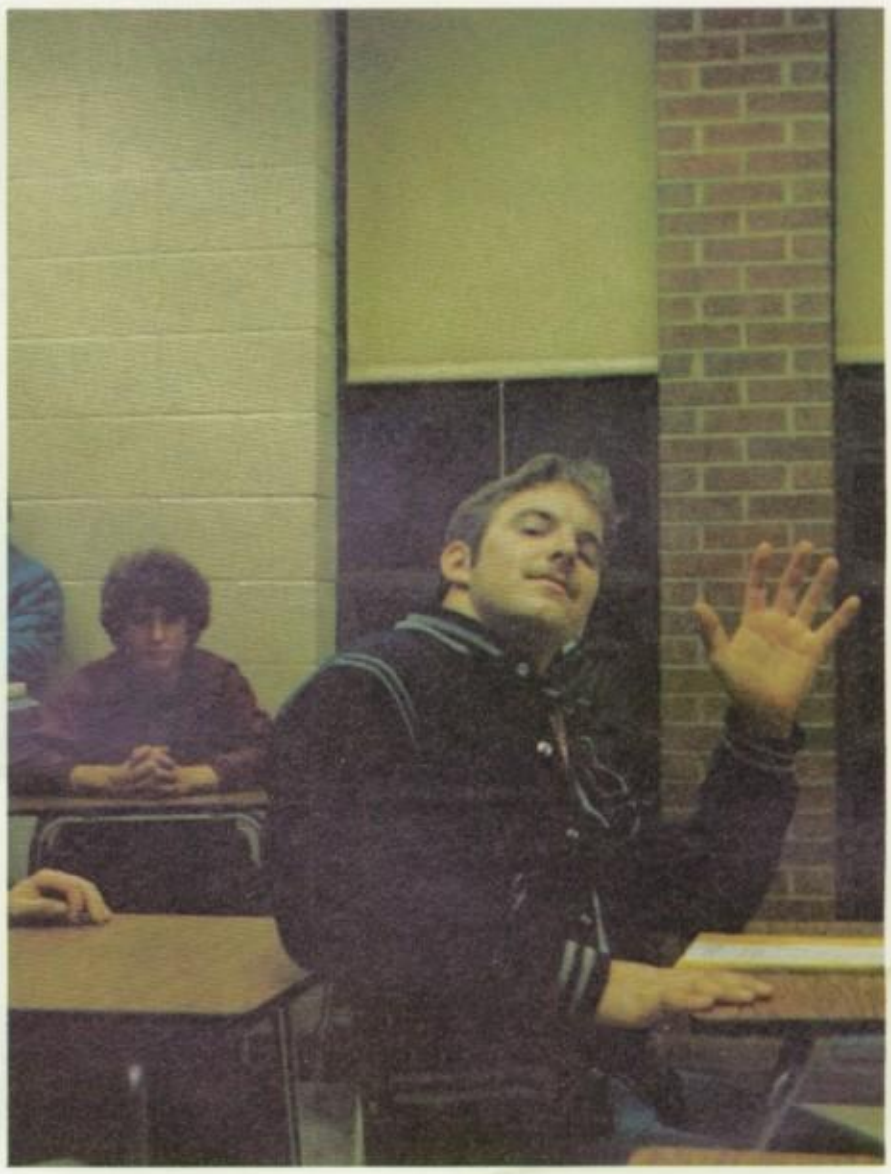
And Making Friends

Taking it easy after gym is Greg Scott, Randy Handy and Mark Lambert.



Discussing the cost of the game is Mrs. Purcell and Mr. Seizemore.

"Oh no, its falling," yells Ella Hall as Charlene Younger and Levoine Stone.



This is my best side, says Gary Gilliam.

Students, Cheerleaders, and Football

Students showed their spirit by dressing like they did in the 50's for spirit week.

The annual tradition of the spirit week, held before this year's Homecoming game was one of the most successful, in student participation, in years. Every day of tbe week had a different theme which the students followed to show their spirit. The days were as follows:

Monday — Tramp Day
Tuesday — 50's Day
Wednesday — Deck Out Day
Thursday — No Sweat Day and Crazy Hat Day
Friday — Blue and Gray Day, Sunglasses Day, and Varsity Slave Day

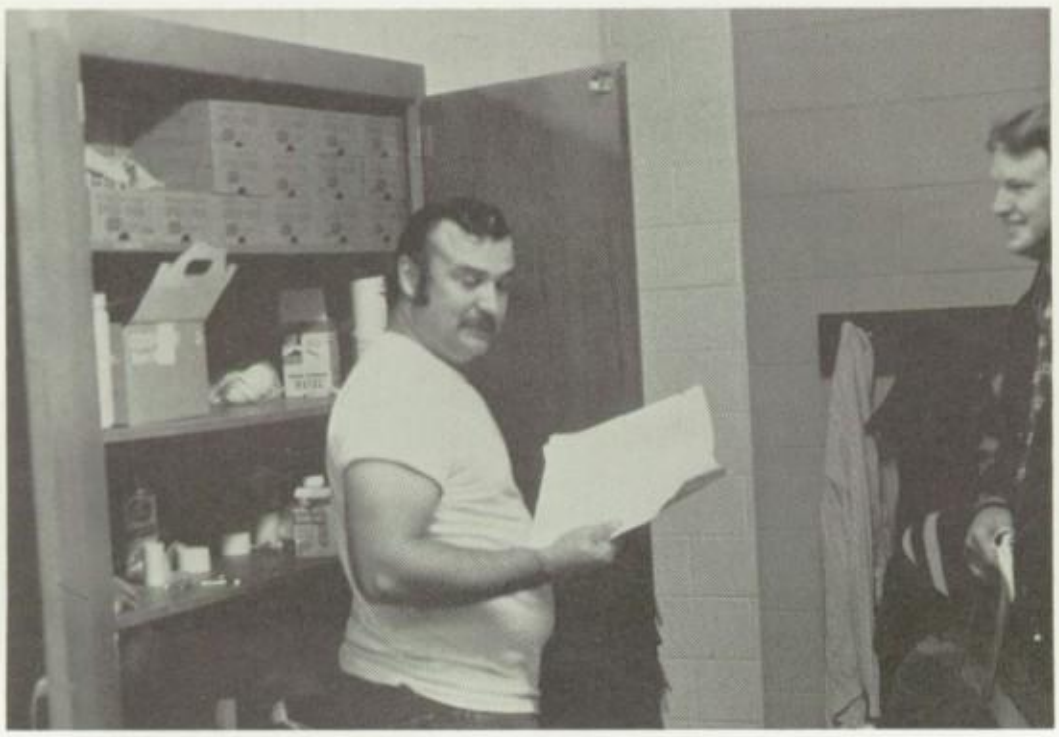
The Climax of the week was the pep rally on the Friday of the game. Cheers, music, and spirit filled the gym. A poster contest was held as well as the battle for the spirit stick. Everyone was filled with a winning spirit as they left the gym and that night this spirit was carried on to a victory at the Homecoming game.

The "Mighty, Mighty" Seniors sound off a loud roar at the pep rally.

Players Show their Spirit

Cheerleaders help pep up the J.V. boys for the night's game.

The Baby Generals say they're ready for the night's game.



Hey, it's the Fonz! No, it's just Mr. Koenig dressed up during spirit week.

Look at Grandpa Walker and Grandma Davis, they really have spirit.

Look, it's one of the Blues Brothers! Wrong again, it's just Lynn Marstin dressed up on 50's day.

Homecoming Cars

The long awaited night had finally arrived and at half time of the game, with a score of *18 - 0* in W.C.'s favor, the Homecoming festivities began. The theme of the Homecoming was "Looking Ahead With A Look Back". Each class represented a different decade from the 30's to the 80's. Members of the Homecoming Court were dressed in the fashion of their era and were driven onto the field in a car from the same period. As the members of the court and their escorts were introduced the announcer (Mr. F. Sizemore) used espressions and reports of events to set the mood for the specific decade.

After the three representatives from the twelfth grade were introduced, Mr. Dennis Riddle, a former principal of W.C., crowned the Homecoming Queen. The crowd stood as the band played the school song in honor of the Queen of the Homecoming 1980-81, Miss Donna Williams.

The last half of the game was played and the result was a victory for William Campbell with a score of *37 - 14*.

Representing the 12th grade were: Fannetta Lovelace and escort Milton Cook, Katheleen Clark and escort Lemon Crews, and Donna Williams with escort Scott Jones.

Representing the 11th grade were Venis Adams and escort Terry Cook.

Representing the 10th grade were Tica Burnette and escort John Jones.

Representing the 9th grade were Rhonda Singleton and escort Kelly Crabtree.

Representing the 8th grade were Ann Epperson and escort Mark Owner.

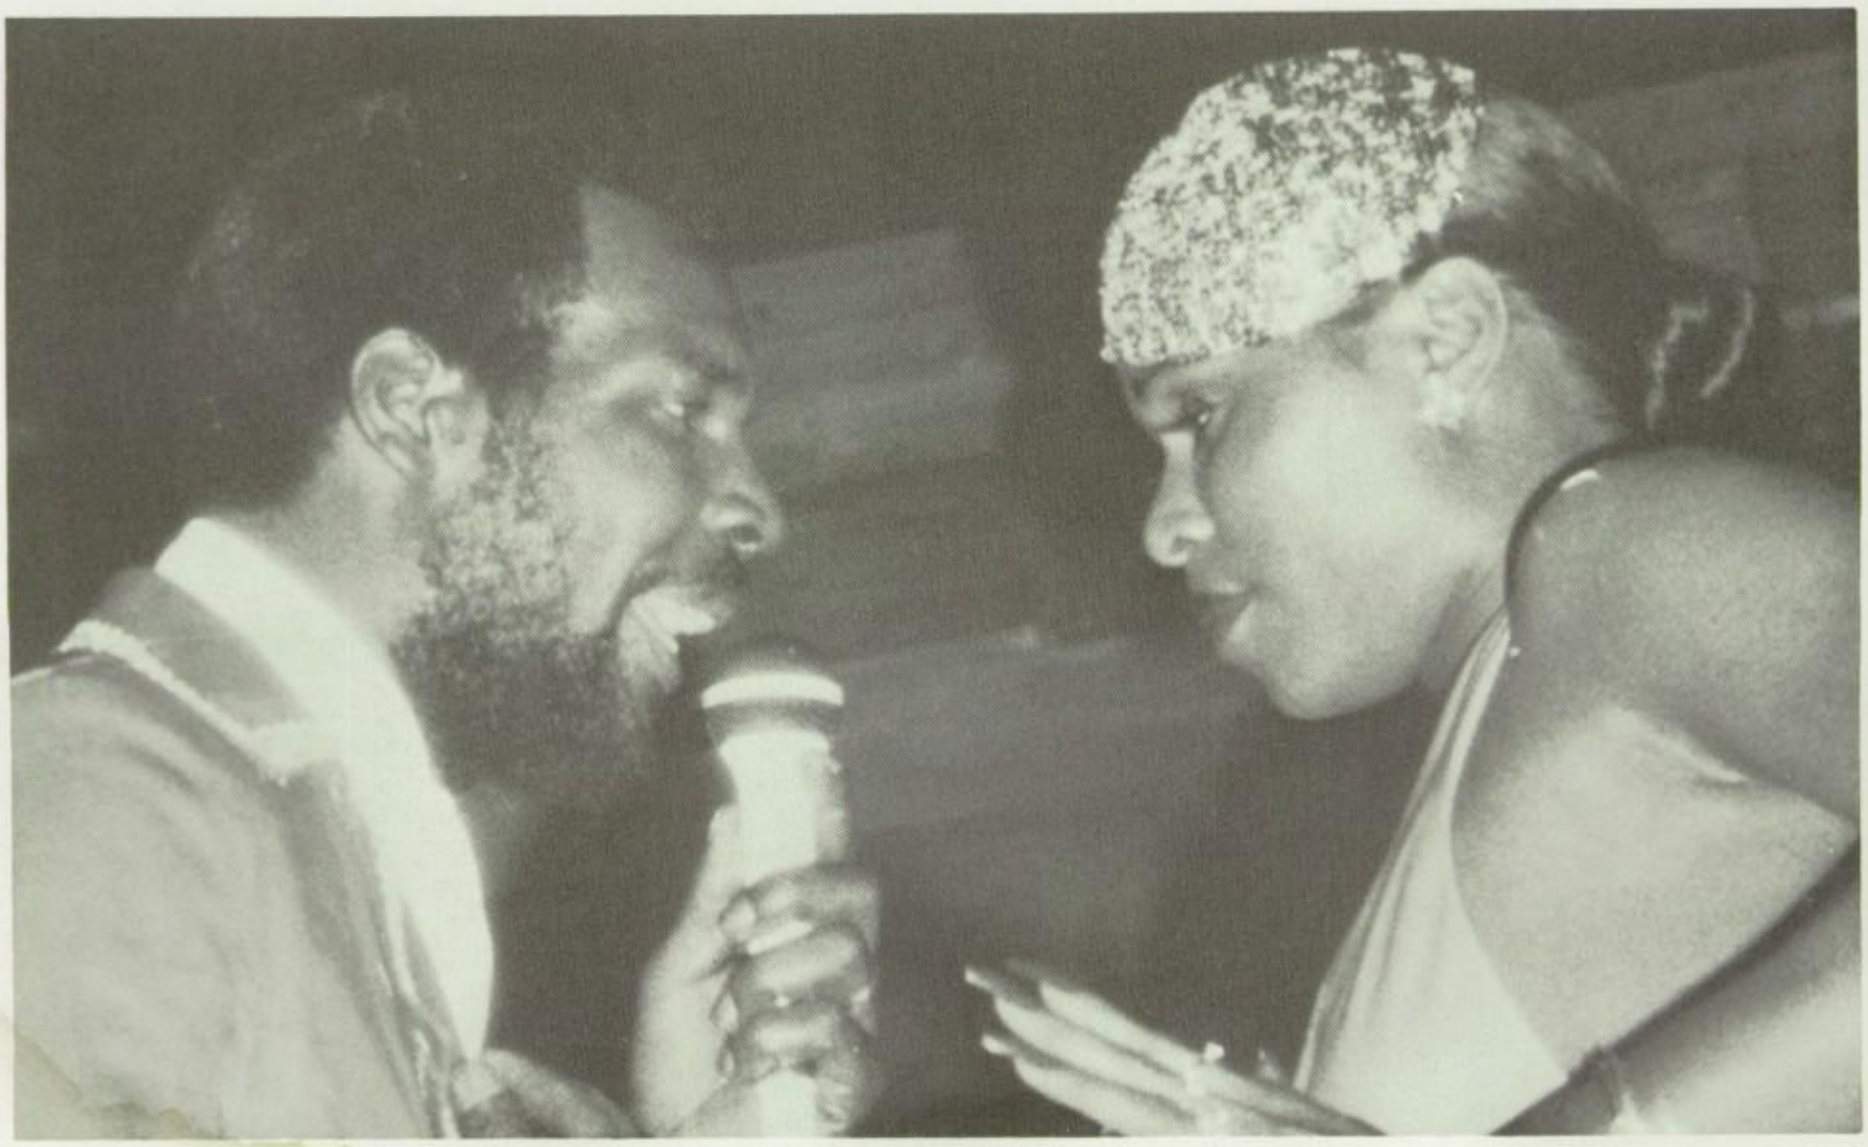
Representing the 7th grade were Jessica Eades and escort Shaun Childress.

Total Experience

On September 15th, the band "Total Experience" along with the singers "Baptista and Williams" visited William Campbell High School. The group was from Atlanta, Georgia and WCHS was one of the first stops of many, as they tried to make a new world record of performing the most concerts in the fewest days on record.

They performed in the auditorium and they gave us old favorites, current hits, and some of their own songs from their new album. For two hours the students clapped, tapped, and even sang out loud as the performers gave us one of the most exciting assemblies the students at William Campbell had ever had.

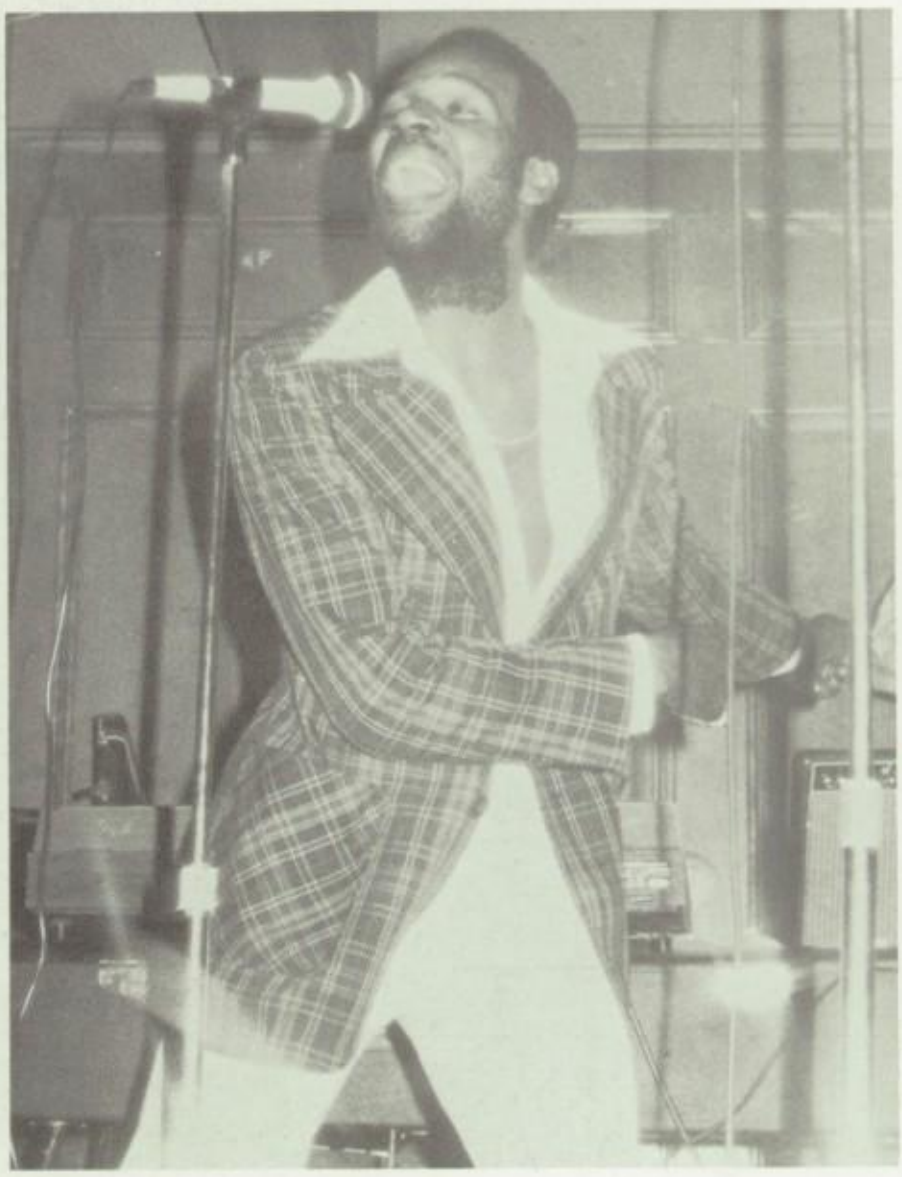
Baptista and Williams sing the song "Fire" made originally by the Pointer Sisters.



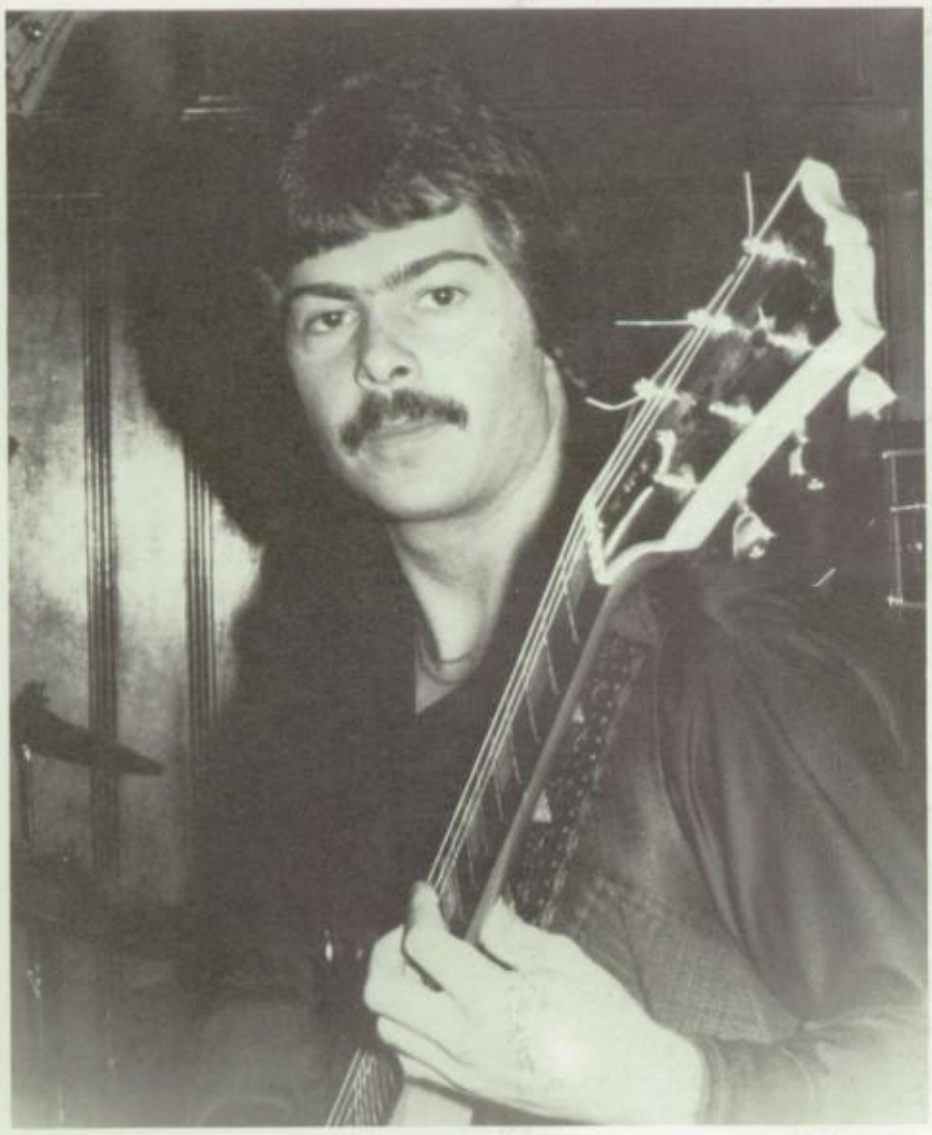
Williams sings the song "You Are My Shining Star" to Baptisia and she groove's on in to the music.

Baptista & Williams

Baptisia sings a solo that she composed.



The student body grooves as Williams sings "Ain't No Stoppin Us Now!"



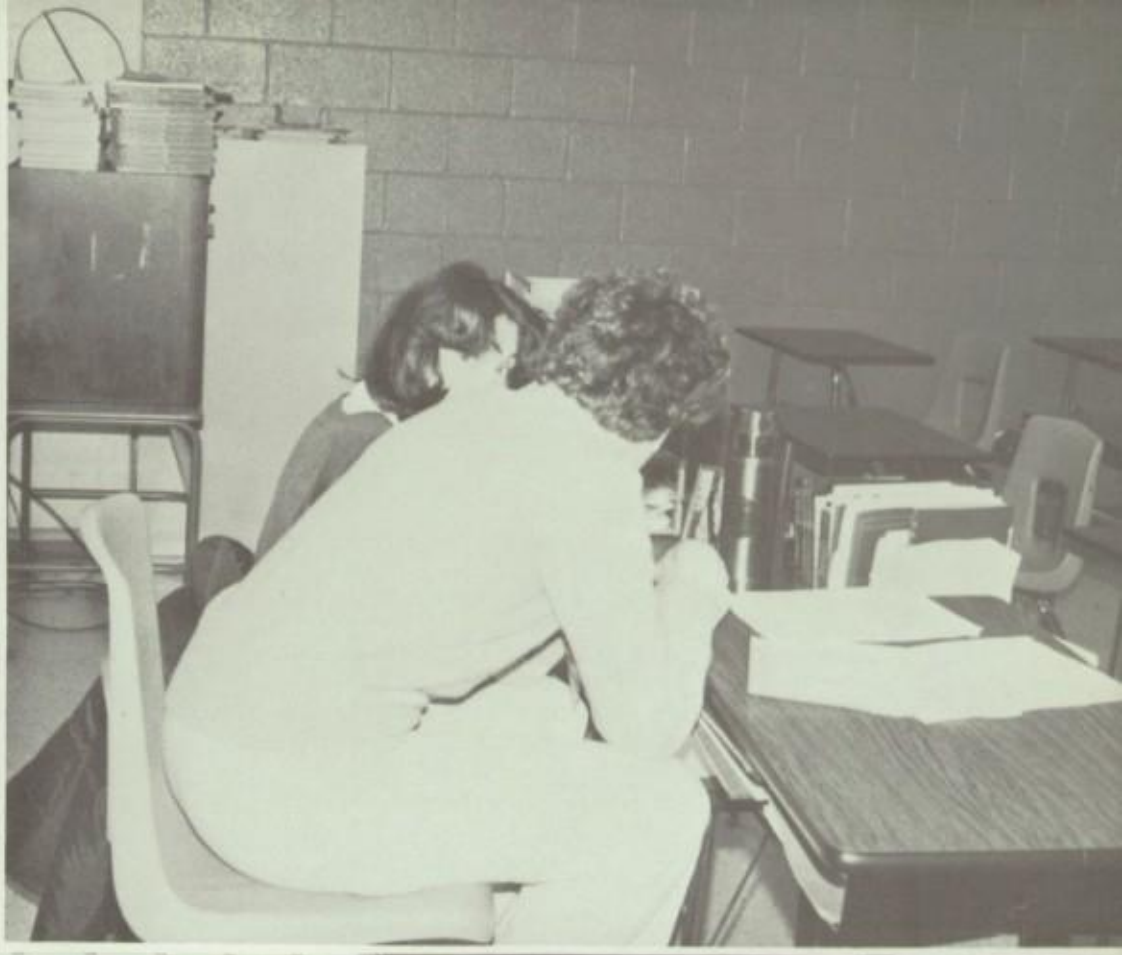
The guitar was the main attraction at the concert.

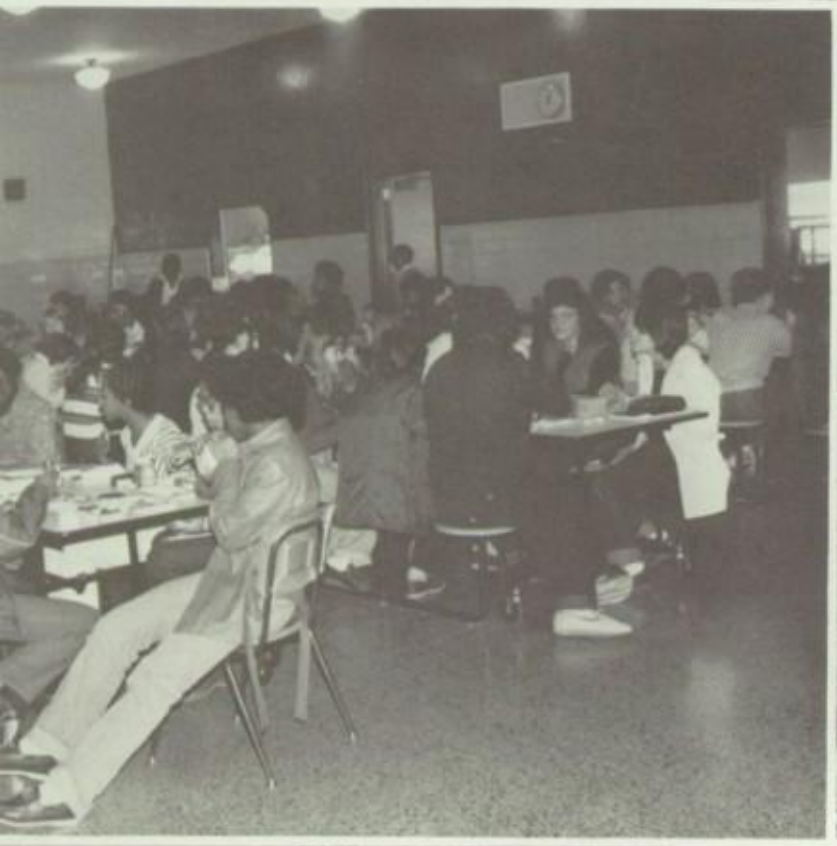
Unidentified drums players is really jamming.

Clubs

The joining of and participating in club activities is a big part of student life at WCHS. The clubs brought together students with common interests and allowed them to work on projects that would benefit the club, the school, and the community.

Some clubs held their meetings before or after school but a majority of the clubs met during the *new* club period held at lunch. The meetings were held every second and fourth Wednesday of each month. The new club period took a lot of getting used to but it finally caught on as the year progressed.





Student Council Officers

Student Cooperative Association includes the entire student body, led by the officers who serve as a communication source between students, teachers, and administrators.

The SCA sponsors several events during the year such as a Womanless Beauty Pageant, Awards Assembly, Homecoming Dance, and the Valentine Dance. The SCA is also responsible for the scholastic letters and bars for the student's academic achievements.

The 1980-81 SCA officers were responsible for the new William Campbell High School Student Council Constitution. This was one of the main projects during the year for the officers. After the Constitution was drawn up the student body voted on the contents along with their vote for the SCA officers for 1981-82.

The Presidential Club

The organization of Homeroom Representatives is composed of students from each homeroom in both the middle and high schools. Their job is to assist the SCA council in communicating with the student body.

The Inter-Club Council consists of all the presidents of every club in both the middle and high schools. Their duty is to try to settle any conflicts between clubs. They also help the SCA officers make decisions which involve their club or its members. The sponsors of all the clubs are also on the Inter-Club council and also help in making these decisions.

Beta Club

"Let us lead by serving others" is the motto that the Beta Club members try to carry out. They try to promote leadership, scholarship, and character among themselves and other students, and assist the school administration in any way possible.

Some of the club activities for the year were "Peanut Week" Teacher Appreciation Week, and a number of fund raising activities.

The big event of this year for Betas was attending Beta Convention at Norfolk where they sponsored a candidate for state office.

The principal objective of the Library and Projectionist Club is to make media services more accessible to the students and faculty at William Campbell High School. The club provides an opportunity for students, who are interested in media services, to assist the librarian in operating audio-visual equipment, shelving books, working the circulation desk, and collecting overdue books.

Club programs for the school year, 1980-81 will center around the theme: "Vote For Books — The Winners". Club sponsors: Mrs. Carolyn Lusardi, Mrs. Hazel Bennett.

Debate improved the members research ability and helped them to form more sound opinions of particular subjects. In order for the team to work smoothly, they had to find true unfaultering facts. That called for a lot of work. The team held some practice debates after school, which helped them to know what they were up against. After all work was done the members got together and learned from each other.

Student Organization for Developing Attitudes

The objectives of the Students Organized for Developing Attitudes (SODA) are: (1) To influence and affirm the selfworth of each individual, his importance, his loveliness and his capabilities. (2) To promote the personal and social growth to full human potential. (3) To prevent mental, emotional, or social impairment. (4) To reinforce an individual's mental health so he or she will refrain from drug abuse.

Each SODA partner must participate in 30 hours of training before working with the 7th grade students. SODA helps to give students a positive attitude toward themselves and others. The SODA program also combines value clarification with drug information and alternatives to drugs.

The Future Farmers of America is an intra-curricular organization and is a part of the high school vocational agriculture curriculum. FFA activities encourage members to learn through active participation in various contests and events such as: Parliamentary Procedure, forestry judging, creed speaking, crop judging, tractor driving, and public speaking.

The William Campbell FFA Chapter has consistently ranked high among FFA chapters in Virginia and the United States. Presently it is ranked as a Silver Emblem Chapter on the national level.

The members of the William Campbell FFA involve themselves in money-making activities such as: candy sales, picnic table sales, and membership dues. Just this past June the William Campbell FFA Crop Judging Team won first place in the state and earned the opportunity to participate in the National FFA Convention in Kansas City.

The FFA chapter at William Campbell is growing in excellence as the members strive to be the best in each area in which they participate.

Science Club

The purpose of the Science Club is to promote an interest in science and to explore the possibilities of a career in the sciences. The major goal of this year's Science Club was a trip to Washington D.C. Many money-making projects were held to finance the trip. Some of the activities were: raffles, Work Week, a stew sale, and a Skating Party. Another project undertaken by the Science Club was making a float for the Brookneal Christmas parade held on December 11.

Future Business Leaders of America

Future Business Leaders of America is an organization composed of students who are currently enrolled in a business course. The club is affiliated with the state and national FBLA organization and helps prepare students for careers in the business world.

The club met during club period once a month during which time various speakers from local businesses addressed the club. Each year the local chapter has sponsored a Radio-Thon to raise money for the March of Dimes. This year a new Clerk-Typist Block Program was added to the business department. In October the club sold posters and in the spring the members attended the Regional Convention held at Longwood College in Farmville, Virginia. At the convention the club members entered various contests including Typing I and II, spelling, Accounting Business Math, and others.

Fellowship Of Christian Athletes

The Huddle is a group of junior high boys and senior high men or women who are members of recognized school and athletic teams. The Fellowship is the collegiate designation, each group being composed of current college athletes or former high school competitors. The purpose of each group is to bring together athletes to talk about their concerns, doubts, feelings, and faith. Teammates fellowship and share their commitment to Jesus Christ around the common bond of sports. From this foundation the FCA (Fellowship of Christian Athletes) groups are encouraged to live out FCA's stated purpose, "to present to athletes and coaches, and all whom they influence, the challenge and adventure of receiving Jesus Christ as Saviour and Lord, serving Him in their relationships and in the fellowship of the church.

All students enrolled in the ICT program participate in the VICA club. The Vocational Industrial Clubs of America is an organization for students who are enrolled in trade and industrial, health, and technical education programs.

Through Club activities which are planned, initiated, and conducted by VICA members, the organization promotes social and leadership skills as well as pride in personal workmanship. Through the activities of the organization, VICA members learn about their roles in the school, community, and world of work. VICA students serve others and make vital contributions toward improving the quality of life in today's world and more importantly, in helping to shape tomorrow's world.

VICA seeks to instill a competitive spirit among its members through participation in local, district, state, and national leadership events. In these programs, students develop personal leadership skills and proficiency in occupational skill achievement. Participating in the total VICA program gives VICA members a strong self-image and prepares them for leadership roles in the world of work.

The Journalistic Team

The journalism class for 1980-81 has two major projects. Designing and publishing, "The General" has been their number one challenge. Meeting yearbook deadlines is quite demanding. For the first time in school history the yearbook is featuring color contents. The staff hopes to continue this in the future.

In addition to "The General", the journalism class also publishes "The Command Post" — a monthly school newspaper. Future plans include increasing newspaper publication to twice a month and eventually converting to a letter press type paper.

This year's class has operated as a close knit team and are proud of their accomplishments.

Weightlifting is one of the newest groups at W.C.H.S. This group, or club does not enter any competitions except among its own members. The members of the Weightlifting Club consist mostly of those people interested in building up their strength for other sports. The football team makes up a large part of the club, and the strength gained by the weightlifters helps all of the sports teams improve their games. At the end of the year awards are given to the members of the team who have lifted the most, as well as to those who are most improved and the hardest workers.

"Pumping Iron" at W.C. is now one of the biggest challenges to those who participate. The competition among the members of the club makes everyone try harder to improve their own skills.

Ensemble

Vocal ensemble was comprised of eighteen students who auditioned for a position in an organization which performed popular and secular music. Performing for parties and singing for the student body were among the many things the W.C. Ensemble did. The Ensemble was an extra-curricular group supervised by Mr. Edwin Temples. Chorus was held in two sections. One was taught during a regular school period and the other was held twice a week before school. This group performed at Christmas and Spring concert. The class was used to further one's ability in music as well as one's singing ability.

The William Camp

Good things come in small packages and this goes too for W.C.'s Band. Even with the addition of the seventh grade, the Generals Marching Band was smaller than usual, but good performances at games, pep rallies and concerts made up for the lack in size. The hoagie sales, raffles and golf, plus the softball and baseball tournaments helped us reach our goal for summer uniforms, which arrived in time for part of the football season.

Sports

Practice makes perfect! That's what the sports teams' theme for this year was. The *Fighting Generals* **may not have always been perfect but they never gave up. Winning for William Campbell this year was not only a dream but in many cases a reality. In football, basketball, and all other sports, W.C.H.S. ranked high in the Seminole district and sometimes high enough to go to a tournament.**

An important event to the newcomers on the varsity teams was the day they finally received their varsity jackets.

After much pestering, the coaches were finally able to announce the arrival of the jackets. The day after the students payed for and received them the halls of W.C. were filled with the proudly worn, blue and gray, General jackets.

The cheerleaders were also an important part of sports at W.C. The job of the cheerleaders were also an important part of sports at W.C. The job of the cheerleaders was to try to get the fans involved in the team spirit. This spirit was shown by fans, students and players in both their fighting spirit and their pride in being *William Campbell Generals.*

Football

With the leaves turning red and gold, a crispness in the air and the aroma of bon fires burning, the season of Fall was upon us. To many, this meant another exciting season of William Campbell football.

Our Generals did not disappoint us. The grid-iron was ablaze with many exciting individual plays and team efforts both at home and away.

This year the General boosters posted a season record of 7-1-2 and placed 2nd in the district, missing the championship by a cat's whisker, 1 point. Quite an accomplishment for the "David" in a district full of "Goliaths."

Seniors will be leaving this year and they will be missed. However, as usual, they will be replaced with a group of promising underclassmen and the W.C. spirit will be carried on next year — maybe even the championship. Watch out all you Goliaths — here come the mighty Generals.

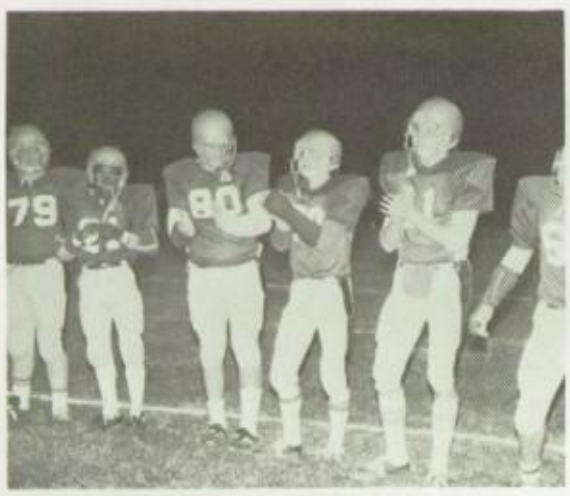
Lookout now, Lawrence Haley breaks into the open for a first down.

The seniors were also a main factor in the General's 7-1-2 records.

You're too late! Seems to be what David Jones is saying as he turns loose on the ball.

A key to the General's success this year was passes like this one to Richard Barley.



You won't catch this one, Lawrence Haley and Kenneth Clark make sure of that.

Ronnie Cox's giving a pep talk at the beginning of the season. Ronnie Cox really is famous for his pep talks.

Basketball

The Boys Varsity Basketball Team experienced a tremendous season, winning 16 out of 18 games. When they were losing they never gave up, and they struggled on until the end to make a big come back. This wouldn't be possible if they didn't work hard, and didn't have a will to win, under the coaching of Mr. George Clark & Mr. Barry Rice. Although they lost a few they kept striving hard and made it to the district tournament, but lost against Buckingham. This has been one of the best seasons for Boy's Varsity Basketball.

Indoor Track

First row: Percy Robinson, Randolpb Stone, Victor Carwide, Everette Younger, Jeffery Epperson, Richard Barley. Second row: Jesse Lovelace, Kenneth Clark, Orlando Robey, Greg Broggin, Tim Walker, Kevin Isaacs, Paul Barley, James Holt.

The track team is young and is capable of striving to reach their goals, whether it be running, or just field events, such as long jump, high jump, or throwing the shot and disk.

Everyone worked hard for a good season. The shot putters worked out in the weight room every day which shows in the end. Throwing the shot put and disk takes determination and concentration. Mr. Martin coaches the long distance runner and Mr. Koenig coaches the shot putters.

Throwing the shot at the track meet at Lynchbury College is Greg Broggin.

Outdoor Track

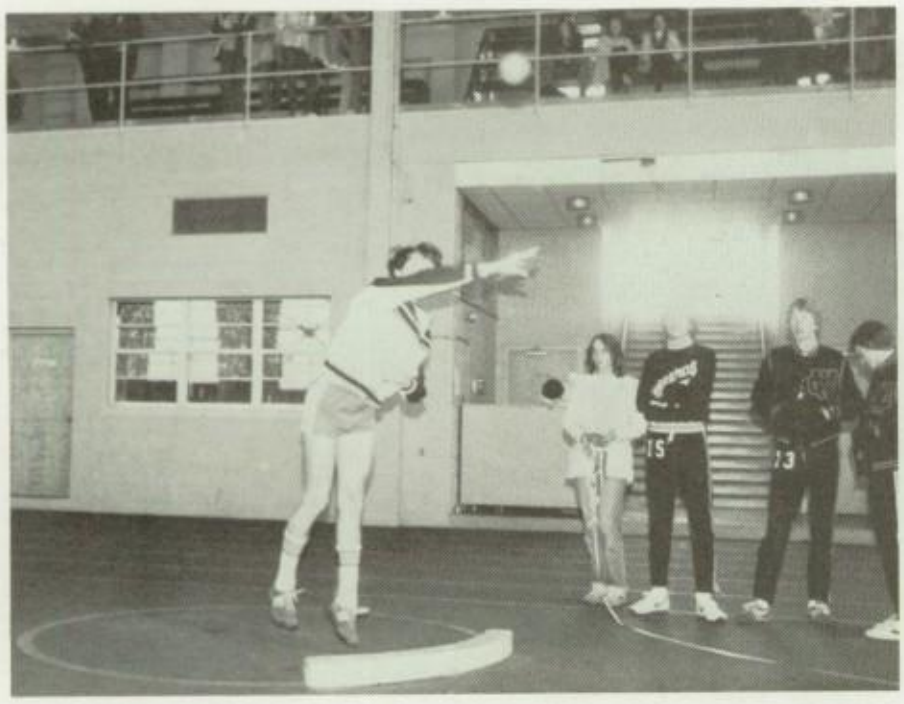
First row: Melvin Harvey, Percy Robinson, Randolph Stone, Levione Stone, Victor Carwell, Everette Younger, Richard Barley, Managers Mary Ruth Williams, Lynn Kitts. Second row: Von Marshall, Eric Marshall, Jessee Lovelace, Kenneth Clark, Orlanda Robey, Greg Brogdon, Kevin Isaacs, Morris Pannell, Jeffrey Peerman. Third row: Milton Cook, Tracy Wilkes, Lawrence Haley, Willie Slayton, Tim Walker, Paul Barley, Coston Cheatham, Ronald Scott.

First row: Sandra Foreman, Rebecca Stone, Marcia Cook, Lori Black, Wanda Roach, Tica Burnette, Velma Gilliam, Linda Cheatham. Second row: Mary Cheatham, Manager Karen Jones, Fannie Younger, Wendy Mitchell, "Grannie" Scott, Brenda Cheatham, Althea Younger, Zelda Gilliam, Sherwyn Bradley.

The outdoor track consist of long practices, exercises, running and lots of fun at times. The track team started the year with confidence in themselves and a winning attitude, which showed their ability to run under pressure.

Track might seem to be long hours of practices and running but in the end it will all be worthwhile, because everyone's effort and strong attitudes help produce a winning season. Hard work means pride and satisfaction in most track students just to achieve their goal.

Billy Holt throws the shot while walking on air.



Dwayne Slayton is a good prospect for years to come.

The girls volleyball team completed their season with an overall record of four (LOST) — five (WON). This year's coach was Mrs. Goldie Purcell. The volleyball team didn't make it into the District Tournament but they gave it a hard try. The Generalettes expressed much ability and improved every game, but most of all they always had the spirit. The volleyball team received new uniforms this year.

Girls Tennis

1980-81 is the second year the girls have had a tennis team. Last year was a good season considering it was the teams first year. The first seed Kim Morrow and the first doubles team, Kim Morrow & Carol Dee Foster qualified for district. The team was having a winning season until one of the best players, second seed Susie Belvin suffered an injury and was out for the season.

Tennis provides the opportunity for individual achievement. It requires considerable self discipline in physical and psychological control during a match.

Boys Tennis

With only one returning player, 1981 will prove to be a rebuilding year for the boys tennis team. Coached by Mr. Gene Smith, the tennis team hopes to make this a season marked by basic work in fundamentals, good spirit and building a fundamental for the future.

Practice makes it perfect for a tennis pro, says Kevin Mosby.

Baseball

Six returning seniors pace the team as the William Campbell baseball team started its season. Some seniors that were counted on from last year's team were John Scott, David Jones, Gary Gilliam, Steve Overby, David Scott, and Warren Younger returned.

The team did not start off with a winning season, but they worked hard in practice and in games, they had a good time and learned a lot. We hope to have a better season next year with many of these experienced young men returning, and some talented newcomers that would be outstanding.

Coach Ernie Seals hits the ball with a big wack.

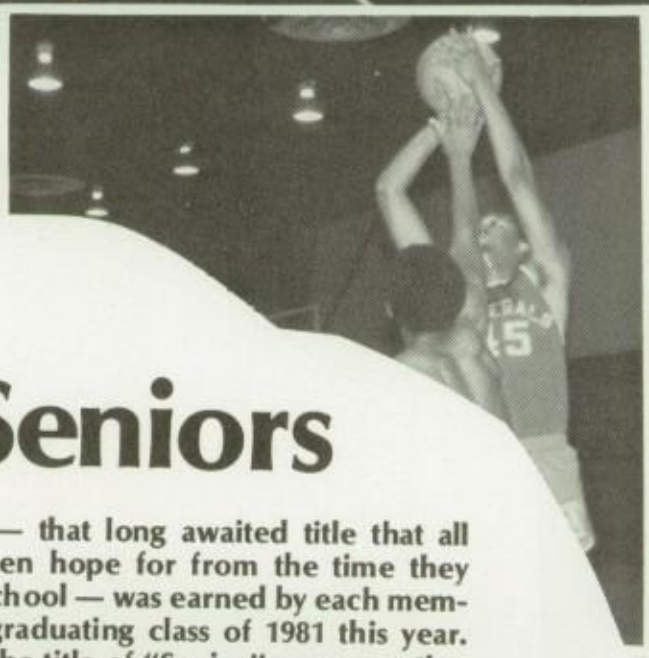
The Outstanding athletic senior Class of "81" hold hands as they walk away from their last year of high school. These students Jimmy Elliotte, Devery Wade, David Jones, Grannie Scott, Renae Solomon, John Scott, Sonya Wilkes and Gary Gilliam have done a great job this year in sports.

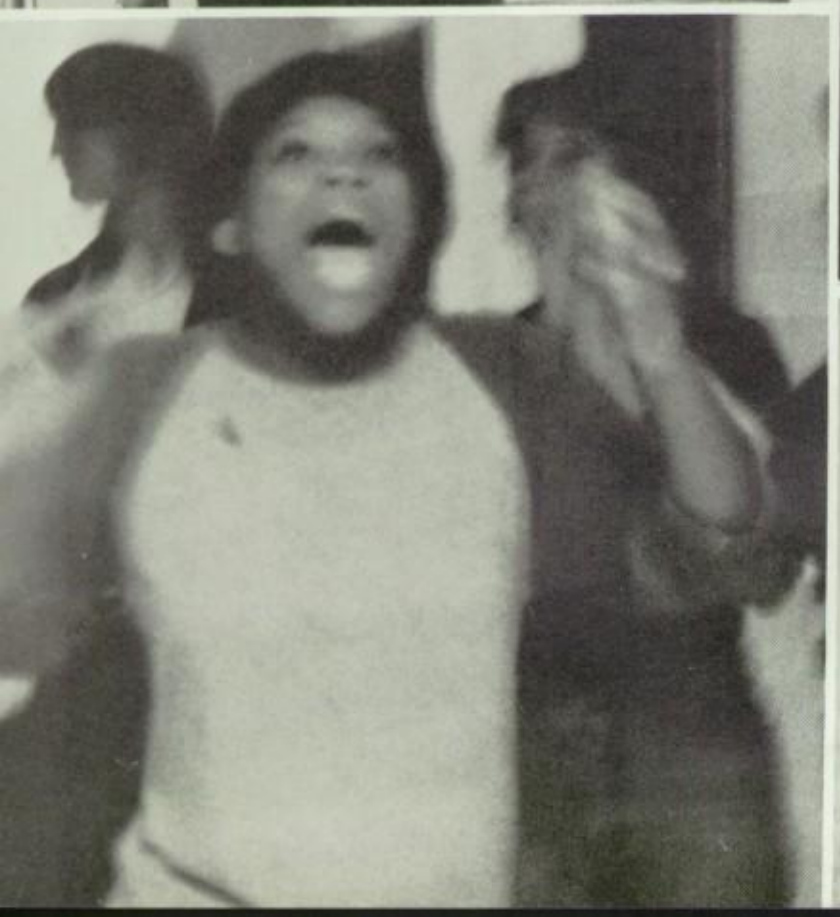
Seniors

"Senior" — that long awaited title that all underclassmen hope for from the time they enter high school — was earned by each member of the graduating class of 1981 this year. Along with the title of "Senior" came prestige as well as problems. The prestige included being able to go to lunch 5 minutes early and the number one problem was a lack of money. Money was needed for dues, caps and gowns, graduation announcements, college applications, and an endless list of other things.

Most of the seniors of the class of '81 started school in 1969. This was the first year of total integration in Campbell County schools. During the twelve years these students were in school many history-making events occurred. The last of the Apollo Moon Missions, the Watergate scandal, the Bicentennial of the United States, and the capture of American hostages by Iran were among these events.

As seniors the students are ending a part of their lives that they will never be able to relive except in their memories. The end of their senior year marks not only an end but also a beginning: a beginning of a much more difficult part of life filled with many challenges. Throughout this part of their lives they will always cherish the memories of the year they spent as *"Seniors"* at William Campbell High School.





Senior George Haley up for two points.

Juniors

As Juniors students begin to think more seriously about their future. "Will I go to college?" and "What will I do after I get out of school?" were two of the questions which came into the minds of some Juniors as they began to think about their future.

One big event in the lives of the Juniors was the planning of the Junior/Senior Prom. Getting enough money to sponsor the prom was one of the biggest problems. All of the Juniors were instantly turned into salespersons, selling everything from General Fan buttons to calendar towels.

Another big event for Juniors was the ordering of class rings. Decisions, decisions: the type of stone, the size of ring, the type of ring, and numerous other decisions were to be made in a very short time. The biggest factor in the making of these decisions was the price which has continued to increase in the past few years. After all of the decisions were made and the rings finally came back, the Juniors began to realize how close they were coming to their final goal—graduation.

Sophomores

The Sophomore year of high school was filled with many new events. The Sophomores were allowed to play Varsity sports. Class officers were also chosen so that they could get a head start on raising funds for their Junior prom. Another event, if your grades were up, was getting an invitation to join the Beta Club.

To Sophomores these events were big but the most important happening was reaching that magic age of 16 — the age at which they could get that little piece of paper that would allow them to take to the road. Getting a driver's license is a complicated process including: (1) getting a learner's permit, (2) passing Driver's Ed., (3) taking a week on the driving range, (4) driving two hours on the road with a Driver's Ed. teacher, (5) taking and passing a driver's test to get a temporary license, and finally (6) going to court to receive your real license. It takes a long time but most Sophomores never regret the work it takes to finally be able to take that first, legal, solo drive.

Freshman

Freshmen! No longer were you the 7th graders or the 8th graders, but you received your first class title — FRESHMEN. This title brought with it a great deal of changes. One was the change from being the oldest in the middle school back to being the babies of the high school. Others included the changes in class schedules, clubs, teachers, classmates — in everything! Even the lockers you finally got used to, have changed, as well as the combination.

The members of the Freshmen class filled the ranks of the J.V. sports in football, basketball, and cheerleading. More and more clubs and activities were opened up to them as they started on that long road through high school.

Workers Doing Their Duty

"Bus Drivers"

The bus drivers have a big job to do. They got to get up early in the morning to pick up students everyday and then take them back home. They have no choice, whether or not to stay in the bed and just go the next day. You should respect all bus drivers because they are the ones that took you to and from school safe and sound. So when you get off the bus tell the bus driver thanks for bringing me to and from school everyday. It will make them feel like someone special which they are.

"Custodians"

The custodians kept the school clean. They swept, scrubbed, dusted, and mopped everyday. They are special friends to many of us when we need a friend to talk to. When we leave to go home they stay to finish cleaning up so we will have a clean school to come to the next day. Make it easier for them by not making a mess of things and if you see paper in the floor pick it up, it won't bite you, and in the end you will be thanked.

"Cafeteria Workers"

Their job is to cook a meal to satisfy all students but it sometimes become very difficult. Because some student do not like some of the food that is cooked, but they are to cook a nutritional lunch not the food that everybody want. So if you do not like a certain thing on the tray tell them in a nice way that you do not want that certain thing or just do not eat it. Do not complain because it's hard enough trying to cook for around 400 students. So eat what you like and leave what you dislike.

Clarence Monroe, Richard Barley, Fannetta Lovelace, Robert Adams, Oscar Calloway, Alphonza Green.

Mrs. Guthrie, Mrs. Holt, Mrs. Nowlin, Mrs. Rosser, Mrs. Austin, Mrs. Mosley.

Middle School

In the W.C. Middle School the 7th graders were referred to as the "baby generals" and that they were, at first anyway. Those First days of middle school were very confusing. It seemed impossible to work the combination on your locker or to find the right classroom. You saw upperclassmen walking all over the place and didn't see how they could possibly know where everything was. The upperclassmen saw you and remembered how they did the same thing their first days at W.C. By the end of the week you thought you had things figured out and then they told you to go to a pep rally. You went to the gym and didn't know what to do. They did a cheer and you were supposed to yell, but what did you do? — You sat there like a bump on a log (every upperclassman has done the same thing). After that first week things got easier, at least for a while.

The 8th graders, the oldest in the middle school, were happy to be free of the title "baby generals" for a while. This year of school for 8th graders had a bit of change — instead of having 6 classes they were "lucky" enough to take 7. They could also take a bigger variety of classes including: Latin, Spanish, Algebra, and others. J.V. sports were opened to them for the first time. The 8th grade year is also the year in which students make a general plan for the classes they will take throughout high school. This was a big step in planning their futures at William Campbell.

Future Farmers of America

The *J. J. Riegel Middle School FFA* is a chapter of the national FFA organization of students enrolled in Vocational Agriculture/Agribusiness in 50 states and Puerto Rico. Organized in November 1928, the FFA is an integral part of the curriculum of Vocational Agriculture departments in the public schools. All students in these programs are to receive instruction in personal leadership growth and development which can best be achieved through the FFA.

Through active participation in the FFA, members learn by taking part in and conducting meetings, speaking in public, participating in contests based on occupational skills, earning awards and recognition and becoming involved in cooperative efforts and community improvements. The FFA offers the opportunity for achieving a personal goal of becoming productive citizens in our democracy.

First Row: Mr. Coates — sponsor, L.T. Guthrie, Barry Guthrie, Ronell Jones, Kenny Wallace, Jeffrey Shotwell, Allen Saunders, Jamie Corish.
